

## JOURNAL OF THE RUSSELL SOCIETY

### AUTHOR INDEX Volumes 1–19 (1982–2016)

#### Articles, Notes, Reviews and Editorials

- Alabaster, C. Alstonite and barytocalcite from Llantrisant, South Wales, and barytocalcite from Holwell, Mendip Hills, England. (1990), **3-1**, 1–6.
- Alabaster, C. Alumohydrocalcite from the Bristol District. (1989), **2-2**, 5–10.
- Alabaster, C. New occurrences of secondary aluminium minerals from the Bristol district. (1990), **3-2**, 49–59.
- Alabaster, C. The Wesley Mine; a further occurrence of manganese oxide-hosted lead oxychloride minerals in the Bristol district. (1989), **2-2**, 29–47.
- Alderton, D.H.M. Stannite revisited. (1991), **4-1**, 17–23.
- Armstrong, R., Herrington, R.J. and Savage, M.A. Tennantite and tyrolite from the Coed y Brenin Forest, North Wales. (2003), **8-1**, 18.
- Andersen, J.C.Ø. and Moulding, D. Zincolivenite from the Penberthy Croft Mine, Cornwall. (2009), **12**, 10–14.
- Aspen, P.; see Moreton, S. and Aspen, P. (1992), **4-2**, 63–64.
- Aspen, P.; see Moreton, S. and Aspen, P. (1993), **5-1**, 31–32.
- Aspen, P.; see Moreton, S., Aspen, P., Green D.I. and Ingram, S.M. (1998), **7-1**, 23–30.
- Atkins, F.B. Sulphide, sulphate, phosphate and carbonate mineral assemblages in the Oxford Clay, Cassington–Yarnton area, Oxfordshire, England. (1995), **6-1**, 41–45.
- Barstow, R.W.; see Lloyd, D. and Barstow, R.W. (1983), **1-2**, 23–24.
- Barton, L.R. and Bromley, A.V. A microcomputer based mineral identification package. (1985), **1-3**, 86–91.
- Bell, R.; see Green, D.I., Betterton, J., Bell, R. and Neall, T. (2001), **7-2**, 86–87.
- Betterton, J. Birnessite from Penberthy Croft Mine, Cornwall - a second English occurrence. (1989), **2-2**, 48.
- Betterton, J. and Grey, I.E. An occurrence of euhedral schulenbergite at the Penberthy Croft Mine, Cornwall. (2016), **19**, 34–35.
- Betterton, J.; see Green, D.I., Betterton, J., Bell, R. and Neall, T. (2001), **7-2**, 86–87.
- Bevins, R.E. Editorial. (1988), **2-1**.
- Bevins, R.E. Editorial. (1989), **2-2**.
- Bevins, R.E. Editorial. (1990), **3-1**.
- Bevins, R.E. and Horák, J.M. A first occurrence of laumontite in Wales. (1985), **1-3**, 78–79.
- Bevins, R.E. and Horák, J.M. Siegenite in clay-ironstone nodules from the South Wales Coalfield. (1985), **1-3**, 83–85.
- Bevins, R.E., O'Brien, P., Turgoose, S. and Williams, P.A. A new find of nickeloan hydrozincite in Parc Mine, North Wales. (1982), **1-1**, 19–21.
- Bevins, R.E. and Stanley, C.J. Aleksite, a lead bismuth sulfotelluride: a second world occurrence from the Dolgellau Gold Belt, Wales. (1990), **3-2**, 67–69.
- Bevins, R.E.; see Livingstone, A., Bridges, T.F. and Bevins, R.E. (1990), **3-1**, 23–24.
- Bevins, R.E.; see Pollard, A.M., Thomas, R.G., Williams, P.A., Bevins, R.E. and Turgoose, S. (1989), **2-2**, 23–27.
- Bick, D.E. The mines and minerals of Newent, Gloucestershire. (1986), **1-4**, 114–118.
- Bowell, R.J. Supergene copper mineral assemblages at Botallack, St Just, Cornwall. (1992), **4-2**, 45–53.
- Bouweraerts, F.; see Bridges, T.F., Bouweraerts, F. and Wilkinson, H. (2014), **17**, 40–50.
- Braithwaite, R.S.W. Infrared spectroscopy as a technique for the investigation of minerals (Review). (1990), **3-2**, 71–79.
- Braithwaite, R.S.W. Mineralogy of the Alderley Edge - Mottram St Andrew area, Cheshire, England. (1994), **5-2**, 91–102.
- Braithwaite, R.S.W., Dyer, A., Lamb, R.P.H. and Wilson, J.I. Gismondine-Ba, a zeolite from the weathering of slag. (2001), **7-2**, 83–85.
- Braithwaite, R.S.W., Green, D.I. and Tindle, A.G. The distribution and composition of adamite and zincolivenite in Britain and Ireland. (2009), **12**, 3–9.

- Braithwaite, R.S.W., Green, D.I. and Wilson, J.I. The mineralogy of Pim Hill Mine, Shropshire, with a study of mottramites. (2014), **17**, 35–39.
- Braithwaite, R.S.W. and Lamb, R.P.H. Childrenite from the English Lake District. (2007), **10**, 50–51.
- Braithwaite, R.S.W., Lamb, R.P.H. and Natrass, A.L. Heavy metals and their weathering products in residues from Castleside Smelting Mill, County Durham, including a new slag mineral, copper antimonite. (2006), **9**, 54–61.
- Braithwaite, R.S.W., Lamb, R.P.H. and Natrass, A.L. Secondary species associated with weathering of industrial residues at Tindale Fell Spelter Works, Cumbria. (2006), **9**, 61–64.
- Braithwaite, R.S.W. and Merry, M.G.H. Diaboleite from Gunver Head, Cornwall, England. (1996), **6-2**, 99.
- Braithwaite, R.S.W. and Merry, M.G.H. Chalcoalumite from southwest England. (2012), **15**, 73–75.
- Braithwaite, R.S.W., Merry, M.G.H. and Jackson, B. Talmessite, with rauenthalite or phaunouxite, from Ivy Tor Mine, Devon, England. (1996), **6-2**, 100–101.
- Braithwaite, R.S.W. and Ryback, G. Beyerite,  $(\text{Ca,Pb})(\text{BiO})_2(\text{CO}_3)_2$ , a mineral new to the British Isles, from Cumbria, England. (1995), **6-1**, 51–52.
- Braithwaite, R.S.W. and Wilson, J.I. An unusual fluorescent fluorite from Derbyshire. (2007), **10**, 52–54.
- Braithwaite, R.S.W. and Wilson, J.I. Botallackite, including good crystals, from Ireland. (2001), **7-2**, 96.
- Braithwaite, R.S.W. and Wilson, J.I. Millerite and associated minerals from Brixham, Devon, England. (1998), **7-2**, 87–88.
- Braithwaite, R.S.W. and Wilson, J.I. Well-formed crystals of erythrite with mercurian silver, lavendulan and other minerals from Gortdrum Mine, Tipperary, Ireland. (2003), **8-1**, 35–36.
- Braithwaite, R.S.W.; see Greenland, T.B. and Braithwaite, R.S.W. (2012), **15**, 75–76.
